#### First Grade Teacher's Note:

When you receive your child's Math 1 Manipulatives Book, please punch out items (your child can probably do this) on each page and sort them into freezer (regular will tear quickly) ziplock bags. For example, all money in one bag, all duck counters in another bag, ten strips, single squares,

and hundreds chart in another bag, etc. Please label each bag with your child's name. There may be some items that will not fit, even in a gallon bag. Those items should be placed in one of their pocket folders. This will be helpful if we don't have to do it during class time.

*Sixth Grade Teacher's Note:*

*I could really use help with the class bulletin boards. There are three. I would like one parent/s for each board: Bible; Math and English. We will switch each of them approximately three to four times during the year. Also, could use candy donations of Smarties or Starbursts. I will also take donations of small prizes, i.e., bouncy balls, silly bands, or any other cool and inexpensive item to give as incentive for a job well done.*
